## Education

**Full Stack Web Developer**  
Masai institute  
January 2024-present  
**BA**  
S.S. College  
September 2021 - August 2024

## Technical Skills

HTML5 JavaScript CSS  
Git React  
Responsive Web Design Node.js  
MongoDB

## Soft Skills

Teamwork Problem Solving  
Time Management

# Rahul Kumar Rana

## Full Stack Web Developer

## Professional Summary

Dynamic Full Stack Web Developer skilled in the MERN stack, including MongoDB, Express.js, React.js, and Node.js. Exceptional in creating seamless front-end and back-end integrations and optimizing database queries. Adept at leveraging Generative AI and rapidly mastering new technologies to deliver scalable web applications.

## Projects

**ASOS.com** [Live Demo Link](#) [Github Repo Link](#)

HTML5 CSS3 Responsive Web Design JavaScript  
Node.js Git React

- Developed a wide range of products, including clothing, accessories, and beauty products, for a diverse audience.
- Implemented advanced search and filter options to enhance the user experience and help users find specific items quickly.
- Integrated customer reviews and ratings to provide feedback on products.
- Utilized Node.js and React.js to create a responsive and user-friendly website.
- Employed Git for version control, ensuring smooth collaborative development.

**College Website** [Live Demo Link](#) [Github Repo Link](#)

JavaScript React Git Node.js MongoDB  
HTML5 CSS Responsive Web Design Django

- Designed and developed a comprehensive college website with sections for news, events, and academic resources.
- Implemented interactive features like contact forms and dynamic content updates to enhance user engagement.
- Utilized MERN stack (MongoDB, Express.js, React.js, Node.js) to build a responsive and user-friendly web application.
- Incorporated a secure student portal for accessing grades, schedules, and assignments.
- Ensured accessibility features to provide a user-friendly experience for all users, including those with disabilities.
